MR. POTEET SAVES WIFE

His Neighbor, Who Would Not
Take His Good Advice, Is Still
In Poor Condition.

Loray, N. C.—Mr. W. S. Poteet, of this city, says: "My wife suffered from a disease common to all women for about three years. She took one bottle of Cardui and was cured—sound and well."

About three months ago she was taken down again, and I went at once and got her another bottle of Cardui. She felt better very soon. By the time the bottle was used up she was well again.

We had a neighbor who was in about the same condition as my wife, and we advised her to take Cardui, but she did not. Her medicine bill was \$30, and she is not strong yet. Which was the best? Think of paying 30 to 1!

I will certainly speak a good word for this wonderful remedy, every chance I have. It is the greatest woman's remedy on earth."

For pain, weakness, irregularity and any of the troubles from which weak women suffer Cardui has proven its helping, curative power.

For nearly a lifetime it has been in use for weak women, thousands of whom have written enthusiastic letters telling of truly remarkable cures by this old, reliable tonic for weak, sick, suffering women.

Why should it not help you, too? Try it.

Mistaken Diagnosis—Doctors Guess Wrong Again.

About five years ago I wrote to you that I had been a terrible sufferer from kidney and bladder troubles, and that my physician informed me that my left kidney was in such condition that there was no hope for my recovery. I was advised to try your Swamp-Root as a last resort, and after taking four fifty-cent size bottles, I passed a gravel stone which weighed ten grains. I afterwards forwarded you this gravel stone. Have had no return of any trouble since that time, and cannot say too much in favor of your wonderful preparation, Swamp-Root, which cures after physicians fail.

Very truly yours,
F. H. HORNE,
Route 3, Box 30, Roseboro, N. C.

Personally appeared before me, this 31st day of July, 1909, F. H. Horne, who subscribed the above statement and made oath that the same is true in substance and in fact.
